SUMMARY

Proactive and collaborative Student Software Engineer with a degree in Information Technology and a keen interest in AI and software engineering. Skilled in Python and JavaScript development, with hands-on experience using FastAPI, Scikit-learn, Docker, MySQL and MongoDB to build efficient and scalable applications. Demonstrates strong problem-solving ability, attention to detail, and a commitment to delivering reliable, high-quality software solutions. Eager to contribute technical expertise and a growth-oriented mindset to a dynamic development team.

SUMMARY OF QUALIFICATIONS

- Certified in Oracle Cloud AI Foundations and Data Science & Machine Learning, with practical project experience in deploying secure, production-ready software.
 - Proficient in Python (FastAPI), JavaScript, and database management (MySQL, MongoDB), with experience building AI-powered applications and scalable backend systems.
-

PROJECTS

RuleBox-F1

July 2025 - Present

Python, FastAPI, Deepseek, Next.js, MongoDB, Docker, Render, JWT

- Built a full-stack AI-powered platform that enables users to navigate FIA Formula 1 regulations through natural language search and intelligent Q&A. Implemented automated PDF ingestion, JWT-based authentication, and a modern frontend for a seamless, production-ready user experience.

PDFhero

Jan 2025 - March 2025

Python, FastAPI, Deepseek, HTML, CSS, JavaScript

- Developed an AI-powered study assistant that processes PDFs to generate concise and well-organized explanations. Features include automatic note generation using AI, simplified “explain like I’m five” notes, and a pretest function to aid efficient learning.
-

EDUCATION & CERTIFICATIONS

Rizal Technological University

Bachelor of Science in Information Technology

Cumulative GWA: 1.50, Academic Achiever 2023-2025

Relevant Course Work: Software Engineering, Networking, Algorithms and System Design

Oracle Cloud Infrastructure 2024 Certified AI Foundations Associate - Feb 2025

Oracle University

Crash course on Python - July 2024

Coursera

Complete Data Science & machine Learning Course - July 2024

Udemy

EXTRACURRICULAR ACTIVITIES

AWS Innovation Camp 2025 - 3RD Place

BPI Datawave 2025: Semi-Finalist

Agentic AI Hackthon: Semi-Finalist

AWS Learning Club ML and AI Skill Builder Co-Head: 2025 - Present
